The Skyward Series

From #1 *New York Times*

bestselling author Brandon Sanderson comes the epic conclusion in the thrilling space opera series about a pilot who travels beyond the stars to save the world she loves from destruction.

DEFIANT (#4)

Spensa made it out of the Nowhere, but what she saw in the space between the stars has changed her forever. She came face to face with the Delves, and finally got answers to the questions she's had about her own strange Cytonic gifts.

The Superiority didn't stop in its fight for galactic dominance while she was gone, though. Spensa's team, Skyward Flight, was able to hold Winzik off, and even collect allies to help with the cause, but it's only a matter of time until humanity—and the rest of the galaxy—falls.

Defeating them will require all the knowledge Spensa gathered while in the Nowhere. But being Cytonic is more complicated than she ever could have imagined. Now, Spensa must ask herself: how far is she willing to go for victory, if it means losing herself—and her friends—in the process.

"A grand finale, presented with a touch light enough to buoy all the self-actualization. Also: giant space worms!"

"Sanderson has created a unique world in the nowhere and I was fascinated by its exploration. There were a ton of new races to meet, old friends showed up, more fighter pilot space battles and more."

—*Goodey Reads*

"This novel is a personal journey for Spensa, where she learns a lot and grows. But it's still well-paced with plenty of mystery, action, and adventure. And there are several fun twists I didn't see coming. The next in this fantastic series can't come soon enough."

Dark One Series

Advances for print, audio, and film rights total over \$1.13 million!

A twist on “The Chosen One” trope, imagining what if the Chosen One was destined to destroy the world, instead of to save it?

DARK ONE (VOL 1)

- Semifinalist: Goodreads Choice Award for Best Graphic Novel & Comics (USA)

Paul is a young man who sees visions of strange and fantastic worlds—visions he initially believes are hallucinations.

But these visions turn out to be prophesies, dark projections of a world in which Paul is a tyrant who destroys the world and the creatures that reside there. Is he destined to fulfill this terrible fate? Or is there a way to fight it?

“With a clear flow between panels, the implication of time passing in a montage of wide, epic scenes of Mirandus; brilliant and emotive color schemes; and a cleanly minimal drawing style provide a strong visual aspect to the story.”

—*Kirkus*

“DARK ONE is the realization of a supremely ambitious Vault Comics ideal. It’s a literary comic that blends high concept storytelling interests across genres without sacrificing any of the craft, structure, or character development needed to make narratives compelling and immersive.”

—*Comics Bookcase*

“A complex, fascinating fantasy of dark intention.”

—*Doom Rocket*
