In the vein of *Rosemary's Baby*, an emotional horror set in the 1970s at a home for unwed mothers that explores motherhood, bodily autonomy, and female empowerment.

In the summer of 1970, teenager Fern arrives at a home for unwed mothers run by the stern Miss Wellwood. Every moment of the girls' lives is strictly controlled by the adults who claim they know what's best for them. When Fern finds an occult book about witchcraft, she and her new friends gain power for the first time in their lives.

But power can destroy as easily as it creates, and it's never given freely. There's always a price to be paid...and it's usually paid in blood.

"Hendrix's genius as a horror writer is his ability to develop complex, human-scale emotional arcs... At turns frightening, anxiety-producing, infuriating, beautiful and sad, *Witchcraft for Wayward Girls* is a perfect horror for our imperfect age."
—*The New York Times*

"Another stellar novel from Hendrix, a perfectly constructed story that has a strong emotional core, compelling plot, unforgettable characters, and 360 degrees of terror."
—*Booklist, STARRED Review!*

"A pulpy throwback that shines a light on abuses even magic can't erase."

WHAT FRESH HELL IS THIS?

A collection of 18 terrifying short stories from Bram Stoker Award-winning author Del Howison, some printed for the very first time. Also includes a foreword from iconic horror filmmaker Clive Barker (*Hellraiser*, *Candyman*).

From esteemed horror writer and owner of the iconic Dark Delicacies bookstore comes a horror collection of short stories that compiles Del Howison's best known and critically-acclaimed works alongside original stories.

The collection includes the short story "The Last Great Monster" which was part of the Bram Stoker Award-nominated anthology *Hell Comes to Hollywood*. It also contains the short story "Alley Oops" which was part of the Bram Stoker Award-nominated anthology *Midnight Walks*.

Drawing on his rich life experiences—from being baptized in a river and attending a private Christian college to his ownership of the famed Horror bookstore Dark Delicacies—Howison crafts tales that delve into the darkest corners of the human soul. From paranormal happenings to supernatural horrors, Howison's storytelling prowess ensures that these stories will stay with you long after you turn the last page.

"Del Howison is a master storyteller who presents here seventeen short stories to delight and disturb horror fans with originality and shocking twists...I enjoyed all of these expertly crafted stories, especially when I was tricked into thinking I knew who or what the monster was and then knocked off my feet at the reveal. They are fresh, freaky, and frightful. I loved every minute of it."

DIRECT DESCENDANT

A standalone cozy horror novel from the bestselling author of the *Peacekeeper* novels that mixes the creepy with the charming for plenty of snarky, queer fun. Perfect for fans of T. Kingfisher, Grady Hendrix, Sangu Mandanna, and Erin Sterling.

Generations ago, the founders of the idyllic town of Lake Argen made a deal with a dark force. In exchange for their service, the town will stay prosperous and successful, and keep outsiders out. And for generations, it's worked out great. Until a visitor goes missing, and his wealthy family sends a private investigator to find him, and everything abruptly goes sideways.

Now, Cassidy Prewitt, town baker and part-time servant of the dark force (it's a family business) has to contend with a rising army of darkness, a very frustrated town, and a very cute PI who she might just be falling for...and who might just be falling for her. And if they can survive their own home-grown apocalypse, they might even just find happiness together.

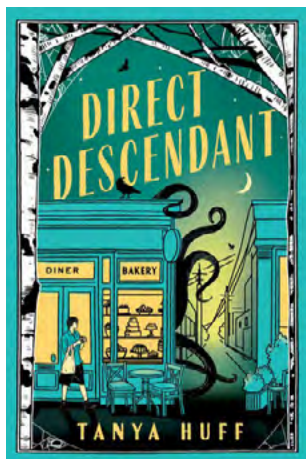

Queer, cozy, and with a touch of eldritch horror mixed in just for fun, this is a charming love story about a small-town baker, a quick-witted PI, and, yes, an ancient evil.

"Hilarious, horrifying, and romantic, *Direct Descendant* is deliciously fun."

—Stephanie Burgis, author of *Wooing the Witch Queen* and *Good Neighbors*

"This book was truly an experience. I found myself getting lost in the small town of Lake Argen. The small town charm was evident on every page, if one ignores the tentacles in the lake and creeping shadows. You know, the usual small town problems... Overall, if you want a cozy sapphic romance (albeit rushed) set in a small Canadian town that's knee deep in eldritch horror, this book is for you."

KITEMASTER

From Hugo Award-winning author Jim C. Hines comes a standalone fantasy with an immersive world and amazing action sequences, set in a land with powerful winds about a young widow who unexpectedly discovers her gift for harnessing the air.

Nial Sarnin is only twenty-one years old, far too young to have lost her beloved Jika. She lives on a world where the winds never stop, and we find Nial at the beginning of the book preparing to launch the spirit kite, sewn from the shirt he wore at their wedding, to carry his spirit to the stars and beyond.

Instead, Nial finds herself launched on an adventure that will change the fate of her world. The spirit kite doesn't flow at the mercy of the winds. Nial herself unexpectedly gains control, demonstrating the gifts of a kitemaster, a rare and valuable tool on a world where the winds forever blow.

Her powers bring her to the attention of the crew of the kiteship *Midnight Rain*, whose Captain has joined forces with the runaway Prince *Vikaan* to attempt to thwart Queen *Kavaya's* plan to gain control of a dragon, and then the world. Nial's late-developing powers could be crucial to their efforts, but only if Nial can be schooled quickly enough in her kitemastery, the Queen's agents stopped from taking down the *Midnight Rain*, and Nial's own family saved from death at the Queen's hand.

"*Kitemaster* by Jim C. Hines is brilliantly imaginative, soaring on the wind like the ships—and dragons—of those inhabiting his world, and well worth reading for that alone, but there's more here than a rousing story and great characters. This is, at its heart, a book about dealing with grief and loss, about the vital connections among family and friends that help us move forward in life and find hope. Very highly recommended."

Thirteen Crowns Series

Greek mythology and vampires mix in this dark romantasy featuring a true enemies-to-lovers pairing, villainous characters, and steamy romance.

BAD BLOOD (#1)

- #40 in the Greco-Roman Myth & Legend Fantasy category on Amazon

To Selene, duty is everything. She is the last of her kind, a royal descendent of the original generation of vampires. And as the final Titan queen to rule the kingdom of Troy, she is the only one standing between her people and the cruelty of Zeus.

When her enemies—the twelve Olympian vampire monarchs—summon her to participate in their annual blood ceremony on a remote island, she has no choice but to attend.

But one by one, the Olympians start to show up dead. It seems a monarch has broken the pact of peace and is trying to take out all the others. And when Selene tries to escape the island, she finds all the boats have been destroyed. She's trapped.

Worse, dark desires stir in her heart for the one king she knows wants her dead. Ares, bloodthirsty for war, tried to kill her months before. And even now, his touch feels like the heat of battle—or something more.

Before she loses her life, her kingdom, and her heart, Selene must do whatever it takes to win this vicious game—even if it means destroying every single monarch on the island, including Ares.

"The story was a dark desperate fantasy with high stakes right from the start. I loved every moment of it and am eagerly awaiting more!!"

ESPERANCE

- Featured on "most anticipated" lists from *CrimeReads*, *The Nerd Daily*, and *FanFiAddict*

Perfect for fans of Nnedi Okorafor and Blake Crouch, this book melds the ethically-complex Afrofuturism of *Black Panther* with the unflinching brutality of *No Country for Old Men*.

Ethan Krol is a white cop in Chicago with the misfortune of landing an impossible murder case. A Black father and infant son are found dead in the living room of a 20th floor apartment, drowned, with their lungs full of sea water—700 miles from the nearest ocean.

Ethan's initial investigation turns up eerily similar, unsolved cases in Rhode Island and Nigeria, and puts him on the heels of a phantom who can thwart every camera in our highly-surveilled, present-day world.

In Bristol, England, Abidemi Eniola is having as much trouble adjusting to her new surroundings as they are to her. While her appearance might place her as coming from Lagos, her accent sounds more like something out of 1950's Hollywood. To better pursue her relentless agenda Abidemi recruits Hollie Rogers, a local Bristolian, who slowly realizes that Abidemi is capable of almost anything and that there's nothing Hollie could do to stop her.

"In this brilliant story, Oyebanji makes the reader question perceptions of guilt and innocence, of vengeance and justice, of time itself—all the while asking what makes us truly human. A tour de force and most highly recommended"

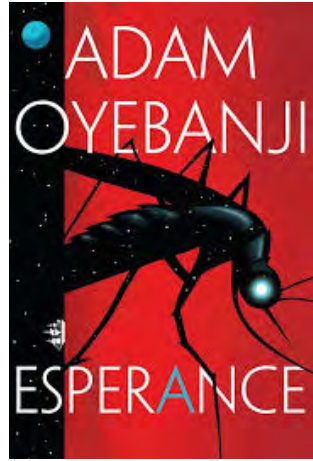

— **Julie E. Czerneda**, author of *To Each This World*

"A tightly wound plot told from two divergent points of view that will keep you guessing in the best ways. If you're a fan of SF mystery, *ESPERANCE* merges the best from both genres."

— **Michael Mammay**, author of the *PLANETSIDES* series

"A gripping, intricately plotted mystery which unravels its themes of justice, choices and consequence with huge assurance and flair."

THE LAST DAYS OF GOOD PEOPLE

- First published in *Analog*
- Featured on "recommended" lists by *Locus* and *Tangent Online*
- Featured on John Scalzi's "Big Idea" blog series

A bittersweet science fiction novel for fans of Ted Chiang's *Arrival* that contemplates civilization, determinism, and friendship as a scientist is forced to decide whether to intervene and help a dying species.

Warin is one of a small team charting the demise of the last few inhabitants of Retti 4, a distant planet in the throes of an extinction. Warin is only to observe and report. But then Warin actually steps foot on Retti 4.

Not the primitive species Warin believed them to be, the rettys are an industrious and ethical lot working together in a close-knit farming village. Lacking the human traits of fear, suspicion, and aggression, they are welcoming, curious, and eager to share their traditions—even in the shadow of a tragedy that they, and Warin, are powerless to stop.

As they embrace Warin into their fold, his compassion grows. So does his own self-discovery. For Warin, far away from Earth, comes a deeper understanding of friendship, civilization, and the true meaning of humanity. And above all, the peace and profound strength it takes to accept the inevitable.

"Sayre does a nice job exploring weighty questions such as whether it's possible to be an impartial observer, whether conflict is a necessary driver of evolution, and whether cultural 'stagnation' must always be a bad thing."

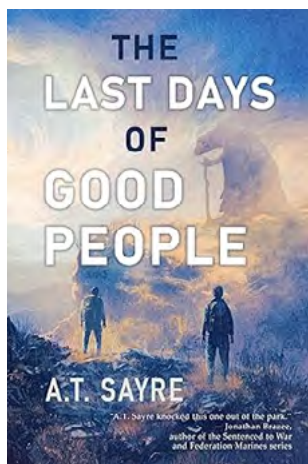

—*Locus*

THE WINGS UPON HER BACK

This gripping science-fantasy novel from a Hugo, Nebula, Sturgeon, and Locus Award-winning debut author is a complex, action-packed exploration of the costs of zealous faith, ceaseless conflicts, and unquestioning obedience.

Zenya was a teenager when she ran away from home to join the mechanically-modified warrior sect. She was determined to earn mechanized wings and protect the people and city she loved. Under the strict tutelage of a mercurial, charismatic leader, Zenya became Winged Zemolai.

After one tragic act of mercy, she is cast out and loses everything she worked for. As Zemolai fights for her life, she begins to understand the true nature of her sect, her leader, and the gods themselves.

"This was a great introduction to the world and the peril. It set up all the characters well and gave us some temptingly hot scenes throughout the story. It was easy to root for Elowen, even when she was making some questionable choices. Very interested in seeing where the team of characters ends up and how they will conquer the Praetor and his followers."

"Dark and intricate, with a big world and fantastic character building."

—**Olivia Wildenstein, author of the Kingdom of Crows series**

"This series has perfect gothic vampire vibes with fierce FMC energy, *Hunger Games* meets *Throne Of Glass* vibes, witch trials and fanatic religious tyrants, and so much more. I absolutely loved this book and loved that it brought old school vampire vibes. I was instantly hooked. This is the perfect duet for someone who's been in a book slump and looking for something to get back into reading."

ZERO STARS, DO NOT RECOMMEND

White Lotus meets Kevin Wilson in this whip-smart social satire about a man trapped on an island resort and must decide whether to help others or save himself as the resort descends into chaos.

Professional underachiever Dan Foster is finally taking a vacation. Sure, his life has been average at best, and yeah, he's never quite lived up to his potential. But after a few Miller Lites in paradise with his girlfriend, Mara, things are starting to look up. Then the sun explodes.

With the island resort suddenly plunged into darkness, Dan's holiday goes from bad to worse when elite guests stage a coup and commandeer supplies. As temperatures drop and class tensions rise, revolution begins to brew on the island, and Dan accidentally becomes a beacon of hope for the surviving vacationers. But when one six-person plane is discovered that could get them back to the mainland, Dan realizes he has a choice to make.

Does he escape the island with Mara? Or does he stay and fight to become the most unlikely hero of the end of the world?

"A life-or-death action-packed debut...a romp and a page-turner...Wassmer's debut novel succeeds in being the opposite of its title. He might become a new favorite for fans of John Scalzi and David Wong."

—*Library Journal*, **STARRED review!**

"As in all great satires, the humor here works because of its foundations in truth. Many stars, would recommend."

ESCAPE VELOCITY

• A *Library Journal* Editor's Pick for Spring
Knives Out with a *Parasite* twist in which a decades-old murder looms over the glamorous clientele of a high-end space hotel...while an unforeseen threat percolates in the service corridors.

Space Habitat Altaire is the premier luxury resort in low Earth orbit, the perfect location to host the class reunions for the Rochford Institute. These lavish reunions are a prime opportunity for alumni to jockey for power with old friends and rivals—and crucially, to advance their applications to live in an exclusive Mars settlement. Earth is dying, and only the best deserve to save themselves.

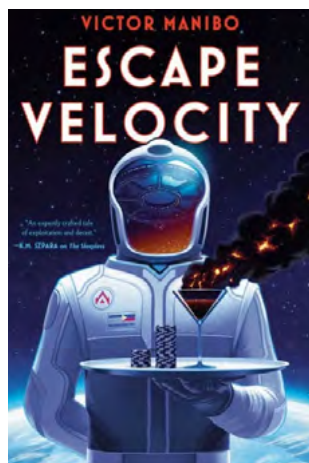

Aboard the Altaire for their 25th reunion, finance magnate Ava pursues the truth about her brother's murder during their senior year. Laz, ambassador and political scion, hopes to finally win Ava's heart. Sloane, collecting secrets to conceal his family's decline, angles for a key client. And Henry, heir to a healthcare empire, creates an unorthodox opportunity to get to Mars in a last-ditch effort to outrun a childhood secret.

While these erstwhile friends settle scores and rack up points, they fail to notice that other agendas are afoot at the Space Habitat Altaire, and their own futures aren't the only ones at stake—"the best" will soon regret underestimating those they would leave behind on Earth.

"As in the best mysteries, Manibo never allows his plot twists to come at the expense of character development. Jack McDevitt fans will be especially pleased."
—*Publishers Weekly*, **STARRED review!**

"The class warfare in space stays at a low simmer until the end of *Escape Velocity*, but when it begins to boil, it's immensely satisfying."
—*Washington Post*

TWO TIMES MURDER (#2)

John le Carre meets Agatha Christie in this series about a former Russian spy pretending to be a mild-mannered teacher who uses his old spy skills to solve crimes.

"Oyebanji makes the unimaginable not only credible but compelling by exposing Abimbola's rich inner life and setting it against the struggles of those who rely on him for help, most of whom can't get out of their own way, but nevertheless command readers' sympathy for their challenges. Oyebanji's puzzles are well-crafted and his solutions ingenious, leaving readers with both a sense of satisfaction and an appetite for more. Not to be missed."

—*Kirkus*, **STARRED** review!

"Greg remains a unique and appealing protagonist—a Black Russian with a keen eye for detail and conflicted feelings about his homosexuality—and Oyebanji utilizes him well, especially when Greg explains his deductions like a 21st-century Miss Marple."

THE WAKING OF ANGANTYR

A new standalone fantasy by the Hugo Award-nominated author of the *Lady Trent* series, inspired by the Norse poem "The Waking of Angantyr" about a shieldmaiden who sets out to confront the dead haunting her.

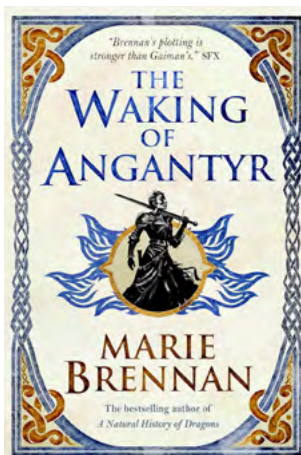

The bondsmaid Hervor is used to dead men whispering in her sleep. They've been doing it for as long as she can remember; it's the living she has to watch out for. And when a new arrival at her holding triggers her into a berserker fury, she's forced to flee the contract that enslaves her and into the arms of an uncertain future.

Unchained from the living, Hervor goes in search of a way to silence the dead, but it will take much more than grit and determination to make that happen. She'll need the help of a ruthless viking, an ailing jarl, a mad witch, and more— for while the ghosts that haunt her are dead, the treachery that killed them lives, and the path to peace must first traverse a river of blood.

"I really enjoyed this tale. It starts off as a quest to get some ghosts to shut up and ends up as a desperate mission for vengeance that will demand a steep price."
—*Sifa Elizabeth Reads*

"In reimagining this saga, Brennan has breathed new life into Hervor, making her story one of unbelievable courage. The writing is wonderful and there's an almost cinematic quality to the descriptions of place and the events that unfold."
—*Lynn's Book Blog*

"This was an excellent book. From a gloomy and hopeless start, Hervor forges herself a path through a violent society to do what she needs to do in order to live in peace."

SILVER QUEENDOM

A fun, standalone fantasy novel about a team of thieves who must come together to pull off the ultimate heist, perfect for fans of *Dungeons & Dragons: Honor Among Thieves*.

Service at the Red Rooster Inn isn't what you'd call "good," or even "adequate." Darin would be the first to say so, and he owns the place. Evie isn't much of a barmaid; Kat's home-brewed ale seems to grow less palatable with each new batch; and Seraphina's service at the bar leaves much to be desired. As for the bouncer, Big Tom, well, everyone learns right quick to stay on his good side.

They may be bad at running an inn, but they're the best team of con artists in the Old Queendom. When a prospective client approaches Darin with a high-paying job, he knows he should refuse. But the job is boosting a shipment of priceless imperial dream wine, the most coveted and expensive drink in the world. And, thanks to a stretch of bad luck, he's in deep to The Dame, who oversees criminal enterprises in this part of the Queendom.

If they fail, they're as good as dead, but if they succeed... well, it's enough money to get square with the Dame and make all of their dreams come true. Plus, it's an option for Darin to stick it to the empress, who he has good reason to despise.

Then again, there's a very good reason no one has ever stolen imperial dream wine...

"This epic fantasy about a crew of misfits with just a touch of magic and heartbreaking backstories is a rollicking good time of a read. Readers who fell for Christopher Buehlman's *The Blacktongue Thief* are going to be head over heels for Koboldt's latest."

—*Library Journal*

• #1 in the Amazon Kindle store overall

A romantic comedy perfect for fans of *The Stand-In* by Lily Chu and *Romantic Comedy* by Curtis Sittenfield, about a directionless young woman who works as an extra on TV show and discovers her former flame is the lead writer on the show.

Gabby Mays wishes she had her future figured out, like her roommate Anna-Marie, who has just landed a role on the hit soap opera *Passion Medical*. When Gabby becomes a recurring extra on *Passion Medical*, she finds a job she's surprisingly great at. Even better, her old crush—the sexy, sweet Will Bowen—is writing the scripts, allowing Gabby lots of quality flirting time at the craft services table. Except Will is engaged. To the demanding director of the show.

Stuck in a love triangle, Gabby finds that her life on set is quickly becoming a drama worthy of the soaps. Can she find the courage to step into the spotlight and declare her love for Will before it's too late?

THE SLEEPLESS

- Featured on "best of" lists from *Library Journal* and *Gizmodo*

Perfect for fans of Richard K. Morgan's *Altered Carbon* series, about a mysterious pandemic that causes people to become insomniacs and a man caught up in a conspiracy at his workplace.

A mysterious pandemic causes a quarter of the world's population to permanently lose the ability to sleep—without any apparent health implications.

Journalist Jamie Vega is one of the Sleepless. When his boss Simon dies in an apparent suicidal overdose, Jamie is suspicious, given that their company is in the middle of a corporate takeover—and begins to investigate.

When Jamie discovers that he was the last person who saw Simon alive, Jamie realizes he can't remember that night. Now a suspect to the police, Jamie worries his memory loss is related to the illegal procedure he underwent to become a Sleepless. As Jamie delves deeper into Simon's final days, he uncovers a terrifying truth about what it means to be Sleepless.

Dark One Series

Advances for print, audio, and film rights total over \$1.13 million!

A twist on “The Chosen One” trope, imagining what if the Chosen One was destined to destroy the world, instead of to save it?

DARK ONE (VOL 1)

- Semifinalist: Goodreads Choice Award for Best Graphic Novel & Comics (USA)

Paul is a young man who sees visions of strange and fantastic worlds—visions he initially believes are hallucinations.

But these visions turn out to be prophecies, dark projections of a world in which Paul is a tyrant who destroys the world and the creatures that reside there. Is he destined to fulfill this terrible fate? Or is there a way to fight it?

“With a clear flow between panels, the implication of time passing in a montage of wide, epic scenes of Mirandus; brilliant and emotive color schemes; and a cleanly minimal drawing style provide a strong visual aspect to the story.”

—*Kirkus*

“DARK ONE is the realization of a supremely ambitious Vault Comics ideal. It’s a literary comic that blends high concept storytelling interests across genres without sacrificing any of the craft, structure, or character development needed to make narratives compelling and immersive.”

—*Comics Bookcase*

“A complex, fascinating fantasy of dark intention.”

Randall Garrett

Hall of Fame — Fantasy

The Lord Darcy Series

The laws of magic have developed in place of the laws of physics, but it is Lord Darcy's remarkable deductive reasoning skills that answer "whodunnit" in these mysteries.

"Garrett's writing style is as elegant and charming as his setting, and his mastery of atmosphere is admirable... The stories deftly combine elements of mystery, espionage, suspense, Tolkienesque fantasy, science fiction, the techno-thriller, CSI-style forensic mystery, and swashbuckling historical romance."

THE WORST MONK IN VUSHTRA (#1)

From Hugo Award-winner Marie Brennan comes a smart, playful fantasy with a cozy feel that's perfect for fans of Karen Cushman's *Catherine, Called Birdy*.

They called her “Diligence-and-Care-in-All-Things,” and as much as she would liked to have been, she was not. She was, in fact, the worst monk in Vushtra.

Thirty-two days after she was born, her mother took her to the local shrine to be named. The shrine burned down and she was named Bad Luck in the hopes of keeping the gods from making things anything worse than they already were.

They got worse.

Now a Prashevist monk, Diligence keeps living up to her birth name, even dropping the sacred statue of the One-Is-All at the worst possible moment—right in the middle of a major festival. When the new abbess threatens to ship her off to a far more remote monastery afterward, Diligence persuades her to let her undertake a grueling pilgrimage instead.

In her travels, Diligence grows disillusioned about the world she came from. She encounters a world outside her cloisters in which the living and the dead alike have been abandoned by the monks who are supposed to serve them—and finds that her bad luck might be just what she needs to help them.

THE SEA BEYOND (#1)

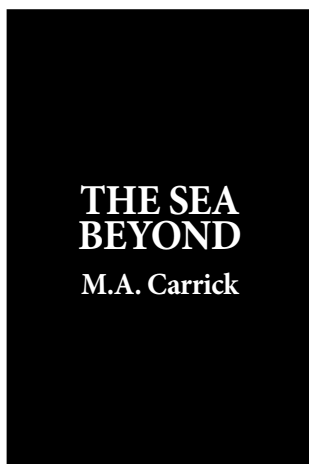

A historical fantasy duology by M.A. Carrick, inspired by the Fae and set within the remarkable backdrop of the Spanish Golden Age that's perfect for fans of Robin Hobb's *Liveship Traders* trilogy.

In an alternate Spanish Golden Age, where the map becomes the territory and mapmakers are the architects of reality, the Council of the Sea Beyond has risen to unrivaled power, exploiting the world's most precious resources for their own gain.

Determined to discover how cosmographers pin down the islands of the Otherworld, Estevan seeks power with the Council of the Sea Beyond—but he risks the exposure of his own secrets, too. For he is a changeling, a faerie masquerading as a mortal. And for a faerie to enter the mortal world like that, a child must go the other way...

The Hungry Girl, the nameless human daughter whose place he took, has grown up opposite her “brother.” Lost among the fae and desperate to find some purpose for her pitiful existence, she leaps at the chance to help a group of Spanish explorers in the Sea Beyond...only to be horrified at the atrocities they commit.

Soon the unlikely siblings will need to overcome their rivalry—because only together can they bring down Spain's worlds-spanning empire and save the homes they have come to love.

It is those whispers that Fola, a sorceress from the isolated City of the Wise, is hunting down. Her quest will take her into a cursed kingdom plagued by wraiths, entangle her in the mystery surrounding the death of a king, and push her towards a girl with strange powers, guarded by someone stranger still - a grey man armed with a ghostwood blade.

Fellowship is stronger than isolation.

The past will come back to haunt you.

Teenager Henric lives an ordinary life with his widowed father and younger sister where his biggest problem is getting stuck in detention with his bully Daniel.

But during an after school detention, Henric's school principal gives Henric and his father a cryptic warning that time is running out for them. That night, they are attacked at their home by an evil shadow. That is when Henric's father is forced to reveal the truth: they are not just an ordinary family. They are the Icehearts, the royal family of Winterborne who have been living in exile. And now they are now being called back to defend the kingdom from the Tryors, a rival royal family with a centuries-long grudge against them.

In Winterborne, Henric is surprised to see that the magical world is marred by discrimination against elves and other magical species, and a growing faction that seeks to overthrow the Icehearts. Nevertheless, Henric becomes drawn into a forbidden romance with an elf and hopes that as the future ruler of Winterborne, he will be able to make it a better place.

But when the king and queen of Winterborne are kidnapped by the Tryor family, it is up to Henric and his allies to journey across the lands to bring them back to safety and quell the growing unrest in his kingdom. As Henric unlocks the power within and awakens the previously dormant ice dragons, he must decide what kind of ruler he will be: one who wages war and destruction or one who attempts to make a new, peaceful world.

SONGS OF THE DEAD (#1)

A collaboration from Brandon Sanderson and Peter Orullian, a contemporary fantasy about a musician who discovers he is a necromancer and is the center of the larger and growing conflict between the present and the past.

Jack Solomon is a failing heavy metal singer who moves from L.A. to London, hoping to make a fresh start. While he's trying to launch a new band, he takes a job at a local club called the Iron Horse.

One night after work, Jack and the club owner Henry are shot dead. For a few terrifying moments Jack fights through a strange dark world back to his body and reawakens in the alley alive. He has been reborn, although Henry is now gone.

Jack learns that the Iron Horse is a unique portal into the Strata, layers of the past that exist below the streets of London. Henry was a necromancer and the steward of the portal, trying to keep their world safe from those in the Strata who seek to attack the world above. With Henry gone, Jack inherits the Iron Horse and also unlocks the necromancer powers he didn't know he had.

As Jack tries to balance learning his new abilities and finding Henry's killer, he finds himself caught in the middle between the past and the present. If he's to have any chance at stopping an unprecedented war and finding the allies who can help him do it, he must confront his own past.

ON SUNDAYS SHE PICKED FLOWERS

A horror novel that evokes the lyricism of Rivers Solomon's *Sorrowland* with traces of Zora Neale Hurston echoing throughout, about a woman haunted by violence who must now contend with the ghosts and traumas of her past as well as a new, dangerous love.

When Judith Rice killed her mother and ran away from the home she grew up in, she thought she put an end to the woman's abusive hold on her.

For the next seventeen years, she lives a quiet life in the deep forests of northern Georgia, a life that she can finally call her own. While she is the only human who dares to walk through the strange woods, Jude often finds herself aided by an unseen beast acting as a part-time guardian.

But when an enigmatic woman shows up at the cabin's doorstep, the peace Jude has built for herself is threatened by the stranger's presence. Caught between her desire for this woman and the violence that broils just beneath her skin, Jude's past and present clash with teeth and nails as she reckons with the anniversary of her mother's murder.
